

seera[®]

Simply Stylish Wiring Accessories

seera[®]

Seera[®] has been designed to provide a competitive, cost effective equivalent range of white moulded accessories with a sleek, slim design creating a modern aesthetic.

The Seera[®] range is manufactured from Polycarbonate with reinforced interior plates to ensure every product is robust, strong and durable. Seera[®] also has the additional benefit of being UV stabilised so that signs of ageing are not a problem.

Seera[®] Wiring Accessories are not only ergonomic, providing ease of operation, but also come with fully retained terminal screws and chamfered cable entry access for ease of installation. This product is true value for the money, offering the utmost appeal to installers and end users alike

Each product within the Seera[®] range comprises of an Insert and a Polar White Gloss Finish clip on Frontplate as standard, these Frontplates beautifully conceal the fixing screws, meaning no need for screw caps!

10 Year Warranty

All products within the Seera[®] Range come with a 10 Year Warranty.

Introducing new Black & Silver finishes

Our Seera® range is now available with 3 different finish options!
The Seera® range comes in a White finish as standard, but now you can choose to change the finish to either Black or Silver, which is available across the entire Seera® range.

Understanding the product code

Our Seera® range comes White as standard.
If another finish is required, then simply specify the required finish by following the easy to follow code structure as demonstrated here...

CPC

Plate Style

801

Product Number

BK/SV

Plate Finish

If you require an alternative finish to white, then please add the required suffix to the product code.

(BK) Black

(SV) Silver

Installation Assembly

A great feature of the Seera® Range is that the fixing screws are not visible!

The Frontplate is attached directly onto the Insert to hide all fixing screws.

The product Insert will be fixed to a back box.

Socket Assembly

Switch Assembly

Switches

Our switches are developed to offer a solution for almost every possible design need and the screwless exterior enhances the décor of any installation.

Wide Rocker Switches
